FOUNDED FOR LEAN IT TEAMS

Founded in 2018 in Ann Arbor, MI, Blumira was born out of frustration with overly complex SIEM platforms. Our mission is to deliver accessible solutions tailored for resource-strapped IT and security teams. We proactively update our platform to stay ahead of the latest threats, taking care of the heavy lifting for our customers.
LEADERSHIP TEAM

Jim Simpson
CEO

Matt Warner
CTO

Ed Sawyer
CFO

Haiyang Li
VP of Engineering

Heidi Craun
VP of CX

Backed by Series B funding, Blumira's leadership team brings decades of cybersecurity expertise from leading companies such as Cisco Systems, Duo Security, Barracuda Networks, and Arbor Networks.

EASY
Reduce reliance on humans to complete manual security tasks to save time

EFFECTIVE
Accelerate breach prevention and ransomware protection with security automation

EFFICIENT
All-in-one open platform simplifies workflows to mitigate risk and satisfy compliance controls
