Blumira’s XDR Platform

FOR SMALL & MEDIUM-SIZED BUSINESSES

Lean IT teams struggle to defend against cyberattacks and meet compliance requirements.

<table>

</table>

THE BLUMIRA VALUE

Blumira’s open XDR platform makes advanced detection and response easy and effective for small and medium-sized businesses, accelerating ransomware and breach prevention.

Time-strapped IT teams can do more with one solution that combines SIEM, endpoint visibility and automated response.

Blumira does the heavy lifting to pare down the overwhelming amount of data from logs into actionable events. That allows us to focus on revenue-enhancing activities.

**HOW IT WORKS**

1. **SIEM - Centralized logs, detection & response**
   - Open XDR integrates with many sources
   - Integrates with servers, cloud apps, cloud infrastructure, and endpoints.

2. **Blumira Agent - Endpoint visibility**
   - Provides endpoint visibility and response.

3. **Automated Response - SOAR**
   - Isolate threats immediately
   - Response Playbooks: Instructions for your IT team
   - Managed Detections: Identify advanced threats early
   - One Year Data Retention: Meet compliance controls
   - 24/7 SecOps Support: For critical priority issues

**FEATURES:**

- **Managed detections** for automated threat hunting to identify attacks early
- **Automated response** to contain and block threats immediately
- **One year of data retention** and option to extend to satisfy compliance
- **Advanced reporting** and dashboards for forensics and easy investigation
- **Lightweight agent** for endpoint visibility and response
- **24/7 Security Operations** (SecOps) support for critical priority issues

**BENEFITS:**

- ✅ Reduce complexity by consolidating security tools into one platform
- ✅ Integrate broadly to provide insight across your entire environment
- ✅ Use automation to speed up detection and response

---

*I don’t have the staff dedicated to sit and read logs all day or with the skillset to analyze our data. *We chose Blumira for its simplicity* – I needed a solution that would simplify, consolidate and show me what I really need to see.*

Jim Paolicelli, IT Director
Atlantic Constructors
